SPRING CLASSIC
2020
LONGHORN SALE

MARCH 28TH ~ OVERBROOK, OKLAHOMA

HELD IN CONJUNCTION WITH THE
ITTLA HEIFER FUTURITY
MARCH 27TH

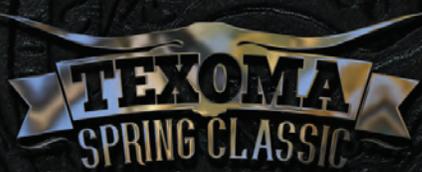

Loomis Ranch is located in Marietta, Oklahoma. Bob and Pam Loomis have been legends in the Texas Longhorn industry because of the record-breaking animals in their herd including BL Rio Catchit, the first 90" TTT cow, and Cowboy Tuff Chex, the Guinness Book of World Records longest horned bull. The Longhorn cattle are not a business for Pam and Bob, they are a big part of their enjoyment each and every day. They strive for the complete animal, breeding for conformation, horn, color, and disposition. Bob and Pam are also leaders in the horse industry. With multiple championship wins, Bob is in the NRHA Hall of Fame.

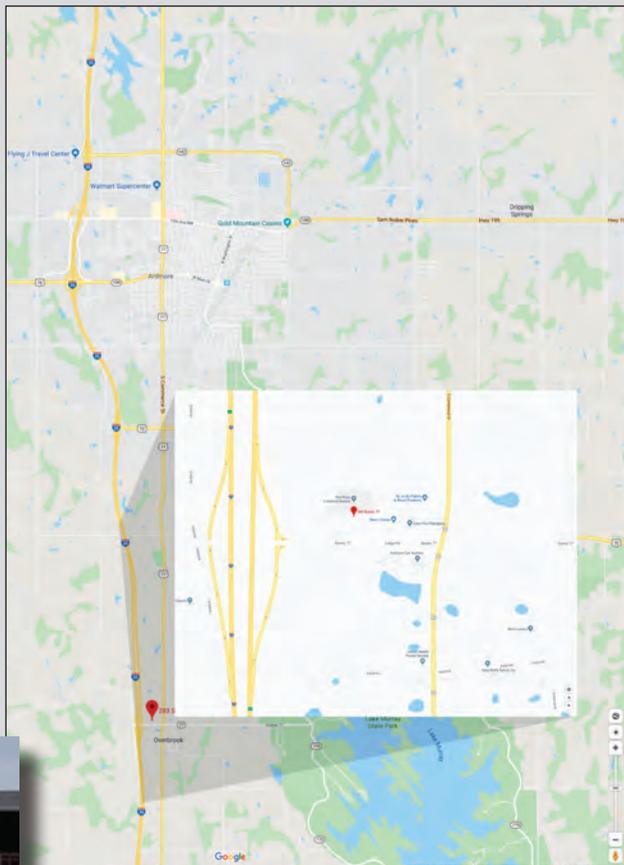

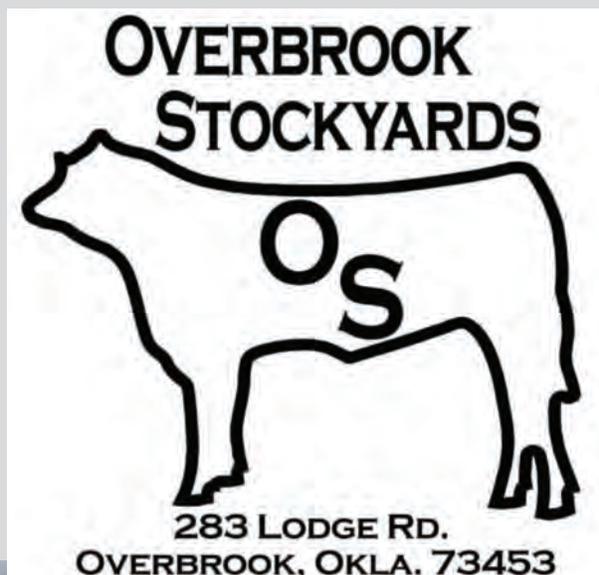

Rockin' H Longhorns is located in Ardmore, Oklahoma. They have been raising elite Texas Longhorns for 31 years, and they have just as much passion about the breed today as they did in 1988. It is owned and operated by Dale Hunt and Sherrill Caddel, who are very active in the industry participating in sales, futurities and field days. Dale does the pedigree work for several sales throughout the year, while Sherrill is in charge of marketing and the website. They are in partnership with DC Ranches and Mayden Farms on the 2017 and 2018 TLCA Ultimate Bull, Rowdy HR.

Chris and Christina Clark live in Corpus Christi, Texas, with their two beautiful children, Strait and Savannah. Chris, being a University of Texas graduate, always wanted to own Longhorns. This dream became reality in 2009, when a fellow neighbor had some for sale. Since then, Circle Double C Ranch has owned many great bulls beginning with; JM Sue, RR Red Grande, SDR Spartacus, CDC Startex, Hubbells Rio 007 and the late, great JP Rio Grande. In 2013, Chris and Christina met the great Bob Loomis through mutual friends. Now, with Bob as a mentor, they believe their herd is on the way to the top! When the family of Circle Double C Ranch is not admiring the herd, they are running things at Clark Pipeline Services, one of the largest civil and energy pipeline companies in South Texas. Chris and Christina are also avid hunters traveling the world together.

Same Location. New Name.

COMMENTS: OCV. This girl is a winner. WS Jamakizm for a sire needs no introduction. When you combine her sire with an outproducing dam, BL Rio Safari, you have a producer. Looking further, you also have BL Coach Safari and Night Safari. I bred this girl to BR Cracker Jack, who projects to upper 90" TTT. Cracker Jack brings in Lady Monika, Poco Lady and Jammin Jenny. Powerful combos all the way around. I am retaining a heifer calf from her.

COMMENTS: OCV. Chisholm 4 has produced multiple 80" & 90" daughters; we think Chisholm's Lezawe might possibly be one of his best and regrettably cannot be genetically reproduced. PRODUCER! Not all cows possess this kind of magic. This beautiful 80" cow out of our matriarch, Lezawe EOT & Chisholm 4, predictably and consistently out produces herself. Are you looking for a cow that produces color, twist, conformation, horn and passes on a quiet disposition? Here she is! We are retaining 2 of her heifers as replacements (one with over 60" as a 2-yr.-old). Heavy bred for a spring calf by our amazing herd sire JH Ener-Chi, pulling in both Monica and Mazue bloodlines - can your hear cha-ching? This one hurts to sell.
